The Biochemistry Program seeks up to 2 Teaching Assistants for the following course:

**BCH 426H – Course name: Regulation of Signalling Pathways**

**Course description:**
This course is focused on the molecular aspects of signal transduction, covering how cells receive and then transmit signals via intracellular proteins such as kinases and phosphatases and how this ultimately regulates cell function. Specific topics covered include signalling by extracellular ligands including morphogens, growth factors and/or insulin.

**Qualifications**
Prior enrollment in classes and/or a thesis project focused on molecular mechanisms required, specifically in signalling pathways preferred.

**Duties**
Grading of assignments and midterm tests.

*Duties of this position shall be performed at the campus on which the position is located. Where the duties are intended to be performed at another location, such other location will be specified in the posting.*

**Hours of work: approx. 14 hrs**

**Estimated Course Enrolment:** 25 - 50  
**Start Date of Appointment:** January 11, 2021  
**End Date of Appointment:** April 30, 2021

**Rate of Pay:** SGS I/II - $46.24/hour (+4% vacation pay)

Final availability of the position(s) is contingent upon enrolment, budgetary consideration and the determination of appointments as governed by the collective agreement.

**Application Process** Applications should be submitted online. Please consult Departmental Website for application link and instructions: [http://biochemistry.utoronto.ca/about/hiring](http://biochemistry.utoronto.ca/about/hiring).

**Deadline:** December 16, 2020 by 5:00 pm

If during the application and/or selection process you require accommodation due to a disability, please contact carrie.harber@utoronto.ca.

The University of Toronto is strongly committed to diversity within its community and especially welcomes applications from racialized persons / persons of colour, women, Indigenous / Aboriginal People of North America, persons with disabilities, LGBTQ persons, and others who may contribute to the further diversification of ideas.

This job is posted in accordance with the CUPE 3902 Unit 1 Collective Agreement. The Departmental Hiring Policy is available in the Department office and in the CUPE Local 3902 office.
