The Department of Biochemistry seeks up to 1 TA Marker for the following course:

**BCH 311H – Biochemistry II: Nucleic Acids and Biological Information**

**Course description**
Nucleic acids and flow of information in biological systems. Information storage and transmission by nucleic acids, as well as new molecular technologies will be discussed.

**Qualifications**

**Required:**
- Current PhD student
- At least two years’ experience as a course TA, whether leading tutorials, labs, or in-class instruction; or grading
- Excellent oral and interpersonal skills, particularly the ability to work effectively with and show tact when communicating with course instructors and TAs
- Strong administrative skills, including scheduling meetings and planning, time management, meeting multiple deadlines, and documenting work
- Able to prioritize tasks
- Strong facilitation and presentation skills
- Flexible schedule, able to accommodate short notice requests for meetings
- Intercultural competence, especially an understanding of the issues faced by multilingual and international students
- Ability, academic qualifications, suitability for the position and familiarity with course material (Molecular Biology)

**Relevant Criterion**
Previous experience is the more relevant criterion than the need to acquire experience in respect of this posted position.

**Duties**
The TA Marker will perform the following duties (Synchronously, Online):

- Participate in group training sessions
- 1:1 training with Course coordinator
- Mark Assignments during the academic session

*Duties of this position shall be performed at the campus on which the position is located.*

**Hours of work:** approx. 30 hours per TA (average of 15 hours per week)

**Estimated Course Enrolment:** +500 students

**Rate of Pay:** UG/SGS I/II - $47.17/hour (+ vacation pay)

**Start Date:** March 1, 2022 / **End Date:** March 31, 2022

**Application Process:** A general application should be submitted online by February 18, 2022, by 5:00 pm. Please consult Departmental Website for application instructions:
